Grant Readiness Summary

U4Life Supporting Inc. · Legal status, governance, programme allocation and financial controls · Prepared for grantmakers · November 2026

U4Life Supporting Inc. works for freedom from exploitation and forced labour: rescue and extraction, safe homes for women and freed persons, guided aftercare, and worldwide mentorship towards self-sufficiency, together with support for people in crisis close to home. Our motto is **"Talent over Privilege"**. Our transparency principle is **"Everything open. Only identities protected."** Our legal status, registration, finances and rules are open; the identities of our team, field workers and the people we support, and the locations of our safe houses, are protected.

1. Legal status

2. Governance

- The Corporation is governed by a **Board of three directors**. Behind the Board stand local volunteer teams in each field mission, mentors, and private supporters who contribute knowledge and networks.
- A **Conflict of Interest, Ethics and Governance Policy** has been adopted by the Board. It covers fiduciary duties (care, loyalty, obedience), written disclosure, recusal, compensation review, donor influence, procurement, real-estate safeguards, international operations, whistleblower protection, recordkeeping and annual certification by directors and officers.
- **Donors do not control decisions.** All decisions on funds and beneficiaries remain with the Board.
- **Identity protection.** Because parts of our work take place in high-risk environments, the names, images and addresses of directors, officers, field staff and beneficiaries are not published. They are documented in the corporate records and disclosed to authorities and to grantmakers under confidential due diligence approved by the Board.
- Volunteers work unpaid. Our own engineers, lawyers and volunteers support projects free of charge, and the Corporation has also funded projects from its own resources.

3. Programmes

Protection & Freedom · International Field Work	Rescue and extraction, safe houses, guided aftercare and talent development. Current field work includes a housing programme for 10 families and a nearby day clinic with 24/7 nursing care and two doctors on call, serving around 500 people. For safety, field countries and locations are not published; they are disclosed to grantmakers under confidential due diligence.
Community Support · Local Programmes	Support for people in crisis close to home ("one for all, all for one"). Example: the Mallorca Cycling Challenge for Helping Hands, a volunteer-run finca in Mallorca, Spain – every €1 goes towards a ground-mounted solar installation.

4. Allocation of funds

General donations	**45%** Rescue & Extraction · **20%** Safe Houses · **35%** Talent Development
Campaign donations	Restricted: used only for the stated purpose of that campaign.
Net donations	100% of net donations go directly to the mission.

5. Financial controls

- Donations are processed by Stripe. Payouts are made **only to the Corporation's own bank account** with Mercury, under strict KYC and AML checks, and are triggered manually (no automatic payout schedule).
- **Anti-money-laundering policy:** larger gifts require identity verification and, where appropriate, proof of the source of funds. Website gifts range from $5 to $300; campaign gifts are $1 / €1.
- Donations are non-refundable, except clerical errors reported within 24 hours (fiat only) and refunds required by law. Crypto donations are currently paused.
- Gifts from our network that were paid directly to projects are documented separately and are not shown as income of the Corporation.
- Payment pages are served via Cloudflare and secured with Stripe; administrator access to our systems is limited and protected.

6. Reporting commitments

- A regular (quarterly) financial overview per campaign: income, allocation and use of funds – without names or locations.
- Annual information returns to the IRS (Form 990 series) as required.
- Annual certification of the Conflict of Interest Policy by directors and officers.

7. Documents available
